I had a wonderful full day ride today! The scenery is beautiful around here, the horses are wonderful gentle-natured animals and Michelle is a brilliant caring host. I rode Samsara who was perfect all day (although he got a bit tired towards the end - but not as tired as me! 😊) It was a really good day and I would recommend Nirvana's Horses without reservation!

I just finished a wonderful day ride with Michelle & Inara through the surrounding villages and into Chitwan National Park. The day was the perfect blend of adventure and relaxation as we crossed deep rivers and galloped through jungles while also loitering by the river for lunch and wandering through the rice paddies. Inara was a wonderful calm horse who galloped, trotted and walked me wherever I wanted to go. I even saw a monkey in the park! I will definitely be back to Nirvana if my path takes me to Chitwan again! xx
