

1 march 2008

I found the resort on the internet, I was excited to see you can go real horseriding in Nepal so I booked online.

The stay was wonderful! The place is really nice and quiet, the food is great and the horseriding is fantastic. Exploring Chitwan on a horse is the best way.

Ghatgai is also a very nice place and the trip to and from it was beautiful.

I'm sure I will come back some time.
